

WE NEED YOUR HELP to ENSURE THAT SC CITIZENS' VOTES COUNT

SCSafeElections.org is a grassroots group of passionate patriots across SC who want to increase confidence in our elections by increasing accountability, accuracy, and auditability.

Our dedicated volunteers at SC Safe Elections have spent thousands of hours over the past several years:

- Identifying HUNDREDS of vulnerabilities within our state election machines,
- Analyzing inaccuracies in our voter rolls,
- Canvassing 8 counties documenting issues backed by THOUSANDS of affidavits which were filed with SLED,
- Monitoring elections as poll workers and observers and,
- Lobbying our state legislators.

We have done all of this in an effort to MAKE SURE YOUR VOTE COUNTS.

One of the best ways to verify whether our votes are counted properly is to analyze Cast Vote Records (CVRs). Various SC citizens have issued FOIA (Freedom of Information Act) requests to 46 counties and the State Election Commission (SEC) to obtain these records so that we can analyze elections. **All requests were denied**, even though these records are available in 27 other states and DC.

We filed a lawsuit against the SEC and 8 counties to obtain these records, and the judge issued a temporary restraining order to prevent their destruction. But the **publicly-funded** lawyers retained by the bureaucrats in turn sued us, to which our legal team is responding. **No matter how much they intimidate us, we will not give up this battle for transparent elections in SC.**

You Can Help Us! Here's How...

• **Financial Support:** The SC Constitution guarantees that we VOTE in secret. However, it demands that our ballots are COUNTED publicly, giving every American the opportunity to hold our officials accountable. We are asking for full transparency... a provision under our state constitution that needs to be honored.*

OR scan the QR Code provided. We appreciate your donations, prayers, and support. Please share this message with your friends and family, check out our website: www.scsafeelections.org and join our Telegram Group Chat (link is on the bottom of our home page).

***South Carolina Constitution Article II SECTION 1.** "All elections by the people shall be by secret ballot, **but the ballots shall not be counted in secret.** The right of suffrage, as regulated in this Constitution, shall be protected by laws regulating elections and prohibiting, under adequate penalties, all undue influence from power, bribery, tumult, or improper conduct. (1970 (56) 2691; 1971 (57) 319.)

IMPORTANT ACTION ALERT!!!!

Bill 150 passed in '22 moved the needle in some instances but also took a few steps back especially by instituting two weeks of early voting. The 3 bills below focus on further enhancing SC election law so that the citizens of SC can trust elections again.

Here are the election bills that we want to support that Rob Harris and our group worked on. Of course, these are just a start and ideally we would like to go to 1 day of voting (get rid of early voting), hand-marked and hand-counted paper ballots, Get rid of ERIC, and revamp our registration process so that we have people reregister more frequently.

H.4259 Hand Count Audit Act

https://www.scstatehouse.gov//sess125_2023-2024/prever/4259_20230405.htm

This bill calls for a hand count audit of at least 5 races within 3 precincts of each county and should include one statewide office or question; one federal office; and one countywide or less than countywide office or question

It also allows a county or county chair of a political party to call for an audit up to 22 months after an election (hand count or forensic).

H.4260 Voter Access and Transparency Act

https://www.scstatehouse.gov//sess125_2023-2024/prever/4260_20230405.htm

H 4260 eliminates early voting, calls for a return to paper poll books and gives full observation rights to every citizen to observe all phases of the election process and establishes chain of custody documentation to be recorded for all components of the election systems at all times.

It also removes the 65 and older provision for absentee voting thereby reducing the amount of mail in voting.

Most importantly, it establishes a pilot program for 2024 for at least 3 counties to cast votes on hand-marked paper ballots counted by hand. THE PEOPLE WANT PAPER!

H.4261 Clean Voter Roll Act

https://www.scstatehouse.gov//sess125_2023-2024/prever/4261_20230405.htm

This bill makes the counties responsible for maintenance of the voter registration lists and ensures that SC qualified electors are able to receive and inspect at no charge essential voter registration and election reports such as voter registration lists, cast vote records, ballot review and reconciliation reports, chain of custody documents, incident reports, proof of citizenship verification, and signature verification.

H 3162

This adds a provision that any system purchased for use in SC must utilize hand-marked paper ballots that are counted by hand.

Please read these bills and call your state representative and state senator and tell them to bring them to the floor for a vote.
